

NICHOLAS AUGUSTUS

GREETINGS FELLOW HUMANS!

I'm Nicholas, one of the many visually-gifted creative wizards in this crazy world of advertising. I'm certified for madness with a BA in design and Honours in Visual Communication

My work has seen recognition and awarded from the Institute of packaging SA. I was awarded with the opportunity for the student exchange program in Belgium.

I have worked with local and international clients under Studio Gus, Vetro Media and Lucky Hustle. Like most creative wizards, I love it when an idea with insight marries a killer bit of craft to create that big magic. Like other Art Directors I have a passion for story telling, so let's get in touch and start ours.
